

SACHA LIDDIARD

Proposed by: Bryan Dennis

Seconded by: Jonathan Hall

I'm Sacha Liddiard, and I'm honoured to have served on the STAR board before. Although work led me to step back, I now have the opportunity to rejoin the board and contribute more to the trust.

As a devoted Home and Away Season Ticket holder, I am committed to our shared values.

I'd like to improve the trust's visibility among fans, potential members, and the community. If elected, my main focus would be to promote the trust's mission through Social Media. My work-from-home flexibility & marketing skills will now allow me to do this.

Stewarding the coaches, especially for the under 18's, has been a rewarding experience. I'm dedicated to making sure this sector has a voice and a safe means of getting to and from matches. Despite recent challenges, I would want to ensure coach travel continues for them.

As a steward, I can address STAR-related inquiries while travelling on the coach. My season ticket in 1871 enables me to engage with younger members and ensure their views are heard.

I also played a role in establishing the online travel platform and am eager to continue this support.

If I am to serve on the board again, I will dedicate myself to increasing STAR's growth and our club's success.
