**Proposed by: Frank Harris**

**Seconded by: Jay Harris**

Hello everyone my name is Vanessa but liked to be called Ness, I'm 62 years young with a mind of a 30 yr old .

I hope being elected will boost my confidence and put my brain to other uses. I'm quite a shy quiet person so I hope this brings me out of my shell a bit .

I was born with a disability so I'm now in a wheelchair but I hope to bring these uses to help STAR with some ideas or just some Diversity within the whole of Football.

My Husband and I have only been going to Reading Football Club since March 2024 and have loved every minute of it besides helping the club out in its hour of need we just wish we had started 15 years ago!

We used to be Speedway supporters at Reading until that went in 2008 but I've always loved my Football.

My husband has just retired so is now my Chauffeur lol.

We have two grown- up sons one of which has been going to RFC for 16 years.

We are also first time Grandparents last September.

We had an absolutely fabulous day at Bearwood training ground and met a few of the players and everyone was so nice, kind & pleasant.
